Consent Letter for Contractor's Observance of Environmental Safety and Health

_____ ("Company"), the contractor of EPISTAR Corporation ("EPISTAR"), within the construction (contract) period, is willing to join EPISTAR's consultative organization, and comply with Occupational Safety and Health Act, Environmental Protection relevant decrees, Contractor Management Regulation and the regulation of Contractor Environment, Safety, and Health Handbook. If the Company sub-contracts all or part of the contracted item to a third party, the Company will indeed inform and be responsible to supervise the third party to comply with the aforementioned regulations. During the contract period, if the Company and/or subcontractor fails to comply with related regulations and instruction, and causes any disaster, accident, financial loss to EPISTAR or body injury to any person, the Company shall assume all legal liabilities and be jointly and severally liable for civil compensation with its subcontractors, including the compensation for the derivative losses and damages of EPISTAR.
